

Spirituality

At Stoborough we encourage children to explore spirituality at a variety of levels. We provide opportunities for children to explore challenging questions and to think deeply about themselves, others, the world and beyond...

Self/Mirrors

This can be compared with looking in a mirror. Look at yourself in a situation...how would you react, what would you say or do? These questions often arise in circle time during PHSE and of course in RE.

Windows on the world

We can wonder at the beauty, technology, art, music, scientific advances all around us. We may work outside, visit places of interest and celebrate the achievements of inspirational people. We can reflect on injustice and inequality in the world.

Beyond /Doors

Children may feel compelled to produce artwork , poetry etc. They may get involved in fundraising activities / charity work. At Stoborough we raise money for charities e.g. Wa Wa, Mind, The British Heart Foundation. We understand the importance of using Fair Trade products and are a Fair Trade Active School.

This is where we reflect on links to the divine and consider how faith influences the lives of others.
