

Governing Body Structure for 2025/2026

Link Governor

CLP require a minimum of three Link Governors each year, Health and Safety, Safeguarding and SEND. All other link governor roles are suggested to be appointed annually subject to requirement. Each LGB meeting there will be allocated time for each Link governor to report back to the full LGB. It is recommended this is in the form of a written report before the meeting, so that governors have time to read beforehand, and therefore prepare any questions they feel they wish to delve deeper into

N.B. Subject Leaders will contact link governors directly to arrange suitable monitoring dates.

Subject Link Governors

Area	Governor
Health & Safety	Gary Ellis
Safeguarding	Gary Ellis
