

Year group: 1	Term: Spring 1	Unit: Skills Showcase: Rocket to the moon
-------------------------	--------------------------	---

Must have knowledge:

- To know that when we create something in digital form it can be saved more easily than a paper version
- To know that a spreadsheet is an electronic document that lets you sort data

Key Vocabulary:

Digital content: Information and media such as videos and pictures stored on a computer.

Save: To store something for use later

Folder: An electronic storage file that holds digital content, for example text, pictures, videos.

Spreadsheet: An electronic document that lets you store data in rows and columns.

Key skills

- To save an image to a folder
- To sequence a set of instructions
- To be able to input data in a spreadsheet
