Autumn Two in Year 6

English

We will explore Letters from the Lighthouse by Emma Carroll and Ways of the Wolf to inspire our writing. We will write a letter in role and a non-chronological report, developing our use of formal language and appropriate vocabulary. We will explore the passive voice, use colons and semicolons, and organise information clearly. We will also develop our planning, editing and proofreading skills, ensuring our writing is suited to its audience and purpose.

We are reading...

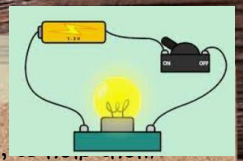

Reading:
We will deepen our reading comprehension skills through a range of increasingly challenging fiction, non-fiction and poetry. We will explore ambitious vocabulary, make detailed inferences and justified predictions, retrieve and summarise key information, and analyse how authors use language and structure for effect. We will develop our ability to explain and justify interpretations using evidence from the text, while improving our reading fluency and expression.

Maths

We will be learning about:

Number: Place Value
Number: Addition, subtraction, Multiplication and division
Number: Fractions
Geometry: Position and Direction

Science

Electricity:
Be able to construct simple series circuits, [illegible] answer questions about what happens when they try different components, for example, switches, bulbs, buzzers and motors.
Learn how to represent a simple circuit in a diagram using recognised symbols.

Associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit.

Compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches.

DT

Electrical Systems: Steady Hand Game

We will explore how electrical circuits and components are used to create interactive games. We will design and make our own steady hand games, incorporating wires, switches and buzzers. We will develop our construction skills and test and evaluate our finished games to ensure they work effectively.

History

Local Area Study: World War II

We will explore the causes and key events of World War II, learning how the conflict began in 1939 and ended in 1945. We will investigate the impact of the war on Britain, with a particular focus on our local area of Purbeck. We will discover how local communities were affected by the war and how Britain rebuilt and recovered in the years that followed.

R.E.

Understanding Christianity
Incarnation.
Was Jesus the Messiah?

The New Testament presents Jesus as the Messiah – the answer. The saviour who will repair the effects of sin and offer a way for humans to be at one with God again.

Incarnation means God in the flesh. Christians believe, in Jesus God came to live among humans.

Music

Happy
We will explore a range of uplifting songs, including Happy by Pharrell Williams, developing our understanding of pulse, rhythm, pitch and musical structure. We will practise singing, playing instruments and improvising, while exploring how music can express emotions and create different moods.

PSHE

Celebrating Difference

To understand that there are different perceptions about what normal means.

Understanding how being different can affect someone's life.

Understand how difference can be a source of conflict and a cause for celebration.

French

French:
We will learn how to describe a house, the different rooms and who lives there. We will learn prepositions to explain where items are arranged.

PE

Handball
Learning how to work as part of a team towards a goal.

Dance:
We will develop our dance skills by choreographing and performing increasingly complex movement sequences. We will explore dynamics, formations, rhythm and expression, working collaboratively to communicate ideas through movement. We will refine our performances, demonstrating control, creativity and confidence, and evaluate our own and others' work.
